

100% Pass-Through Pharmacy Pricing & Manufacturer Rebates

We retain zero revenue from manufacturers or pharmacies, passing 100% of savings directly to clients.

All-Inclusive Administration Fee

We contractually warrant our only source of revenue is our administrative fee.

Combating High-Cost Specialty Medications

On average, clients experience 30% savings on high cost brand/specialty drugs when enrolled in the Variable Copay™ Program, exclusively available to our clients.

Full Claim Visibility

Clients receive secure access to our processing system, providing real-time insight into all of the plan's utilization activity.

Pharmacist Driven Management

Unique and targeted clinical utilization strategies front-loaded into our claims processing system.

24/7/365 Customer Service

Dedicated representatives are available around the clock.

Best in Class Trend Management

Specialty Drug Trend = 3.3157%

About Us

Liviniti is a streamlined, fully transparent, and 100% pass-through pharmacy benefit manager dedicated to self-insured plans. Liviniti guarantees employers absolute autonomy in plan development and strives to provide positive member experiences and outcomes to everyone served with the goal of reducing total net costs.

Owned and operated by community pharmacists, Liviniti is dedicated to the lowest net-cost philosophy and patient-centered clinical care. Liviniti brings value and control back to the plan sponsor – the way it should be and the way it was intended to be.

PHARMACY

Residency Program

Complete your residency with a transparent, nationwide pharmacy benefit manager.

Why complete a residency with us?

Residents will gather impactful experiences that include our listed rotations as well as writing and presenting research projects, creating clinical programs, policies, and procedures, and much more. We truly value our residents and recognize them as essential members of our clinical team. As a non-ASHP accredited residency, our program offers a unique flexibility that allows our residents the ability to spend more time on their areas of professional interest while simultaneously following many components of an accredited curriculum. Our collaboration with the University of Louisiana-Monroe and the Medical University of South Carolina is a relationship that allows the resident to be involved with lectures, projects and research opportunities within the university. Residents will have the opportunity to either work remotely or on-site at our office in Natchitoches, LA.

Resident Responsibilities

This is a structured, post graduate education program modeled around ASHP residency learning outcomes. Special focus is placed on clinical management programs, while also providing opportunities for exclusive training in all areas of Liviniti.
